

## Parent testimonials:

**"My daughter loves Copeland Performing Arts drama club. Not only does she enjoy working with children from different classes, but it gives her a great confidence boost."**

**"Our son had never taken part in a drama club before and has absolutely thrived at Copeland Performing Arts drama club. He comes running out afterwards every week with a huge smile on his face, excited to tell us what he has been busy creating. And he LOVES the drama games they play."**

**"Our daughter loves performing, and Copeland Performing Arts drama club is the ideal arena for her to explore this passion. She revels in the theatrics and loves nothing more than putting on a show. She has really enjoyed her time at drama club, as part of an ensemble putting together a performance, taking solos or other roles, she really thrives in the setting."**

**"We sent our son to Copeland Performing Arts drama club to help improve his confidence. He used to be a very shy boy who rarely put his hand up in class, but since taking part in the drama club he has slowly come out of his shell. Seeing him stand in front of an audience in the end of term performance, confidently taking part and saying his lines actually made me cry! Thank you, Rob and your team, we love your clubs."**

**"Seeing our son and his friends proudly perform a play that they have helped create has become the highlight of the term for my husband and I. We always leave smiling ear to ear and jealous that we didn't get to have fun like that when we were at school! Thank you, Copeland Performing Arts."**

**"Our daughter was already a drama queen, and we had sent her to numerous performing arts clubs / camps before trying Copeland Performing Arts drama club. We were genuinely impressed with the level of performance in the end of term show, head and shoulders above previous ones we have attended. Everyone taking part was clearly having a great time, and it was also full of comedy. BRAVO!"**

**"Our daughter started drama club in year 3 and is about to finish year 6 and is still going strong! She loves finding out what play they are doing each term, practicing her lines with us at home and making friends in other year groups. We are going to miss this club when she starts secondary school."**
