

Emmanuel Express Newspaper - Issue #43 - February 2023

## What to do during the half term By Anna Mia, 6W

With the February half term coming up, I thought that I might give you a few ideas of what to do during the holidays. Enjoy!

1. Listen to some music. Listening to music not only makes us happy, but it also reduces your anxiety and even helps you to sleep better!

2. Make some slime or playdough. You can find a few recipes in this edition. Making and playing with it is fun and relaxing.

3. Learn a new skill. Learning new skills might be tricky at first, but it will become easier when

you practise more. Learning new things helps you to overcome your fears and you can show other people what you can do.

## Half term holiday fun ideas....continued

4. Bake something. There are a few baking recipes in this edition, but whether you're baking blueberry muffins or a pasta bake, the cooking will be tasty and take your minds off of any unhappy thoughts

5. Go out into the nature. Maybe, you can go on a picnic or just go on a walk. Whatever the weather, it is important to go outdoors and even sitting in the garden will help you to reduce sadness and make you feel great.

# MINECRAFT GAME REVIEW By Eashan 6W!!!

As you know Minecraft is a very famous and popular game. This game is a very creative reality and has lots of worlds to explore.

In the game there are different types of servers, my favourite one is called the Hive. It has various updates, games and in the lobby and there is an obstacle course. In the obstacle course, there will be a variety of 4 pieced bricks leading in a path up

to a mystical castle! (Image down below).

I would highly recommend this game to anyone who loves building, exploring, coding, adventures and battling. Also, in the game you can meet up with players from across the world or you can create a private game and invite your other friends who play! But remember not to chat with randoms!

However, there is one negative, you probably guessed it, ZOMBIES. When it turns to night time, groups of zombies will come after you and kill you and roam around the map. For younger children, you can go to settings and turn creative mode on and that will prevent zombies from killing you.

I give this game an overall rating of 4½ stars out of five.
