

Parent Guide

How can I use this with my children?

Playing this game can help children to identify verbs, adverbs and adjectives. Print out the cards and challenge your child to use the mats to sort them into the correct group - verb, adverb or adjective.

How does this help my children's learning?

As your child moves through school, they will learn to identify and use different word types accurately. Play this game together, to help them practise spotting verbs, adverbs and adjectives.

Ideas for further learning:

Once your child has completed the game and become more accurate at sorting verbs, adverbs and adjectives, they might want to try thinking of their own words to sort using the mats.
