**CREATE**

This club offers a wonderful opportunity to try out a huge range of artistic techniques and media. From clay to collage, mask-making to modelling, children produce unique results to take home or share with the group.

We work with local Recycling Arts Projects, sourcing everything from tassels to tarpaulin, to make **CREATE's** range, scope AND sustainability, exceptional.

**Emmanuel C of E Primary School - Art club - Summer Term 2020**
